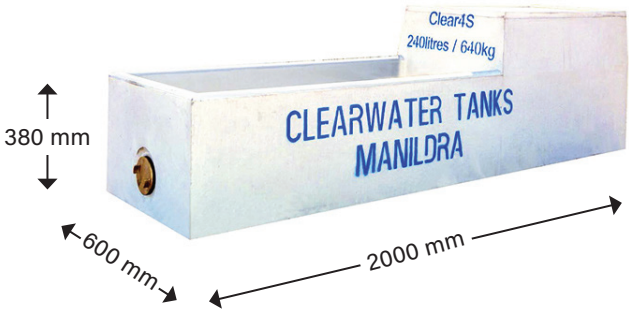
ClearWater Tanks

# 4ft Sheep Water Trough



A sheep water trough purpose built for easy installation and management.

ClearWater troughs are designed to be "stock-proof".

## The benefits ...

- The tap can be protected within the float valve chamber to prevent stock turning it off
- A reinforced concrete hob protects external pipework from being damaged
- The fully enclosed float valve chamber protects the float
- Troughs are a deep design to keep water cooler longer on hot days
- ClearWater troughs are easy to install and maintain

## Our troughs include ...

- Enclosed float valve chamber
- Easy access to float valve
- 40MPA reinforced vibrated concrete
- 10 year warranty on workmanship
- Suits high or low pressure float valve (not included; supplied separately)
